

My Disney Experience Quick Start Guide

WALT DISNEY WORLD® RESORT

1 Request Guest Passes

Your Main Entrance Pass alone is not valid for admitting Guests into the *Walt Disney World*® Resort Theme Parks. If applicable, you will need reusable Guest Passes –one pass for each guest you plan to admit.

If you don't have them, request them online at disneyurl.com/mep at least two weeks before your visit, or pick them up at a *Walt Disney World*® Guest Relations window.

2 Link your Main Entrance Pass or Self-Admission Pass to My Disney Experience

- On your computer or mobile device, open a web browser and go to MyDisneyExperience.com. Log in to your account, or create a profile if you don't have one.
- If applicable, make sure your spouse or domestic partner is on your Family & Friends list. If they are not: From the *My Disney Experience* menu in the top-right corner, click "My Family & Friends" → "Add A Guest."
- Now, link your pass(es). On the My Disney Experience menu, click "My Profile" → "Memberships & Passes." Click "Add a Main Entrance Pass."
- Enter the 12-digit ID number on the back of your pass, located in the bottom-right corner.
 - If you have a Spouse/Domestic Partner pass, assign it to your spouse/domestic partner from your Family & Friends list.
- All of your passes (if applicable) will be linked to your profile at once, including your Spouse/Domestic Partner Pass and Guest Passes.

3 Make a Theme Park Reservation

- On the *My Disney Experience* menu, click "Disney Park Pass System". *Please note, park reservation bookings are not available on the mobile app.*
- On the "Create Your Party" screen, select the name of the Main Entrance Passholder or Self-Admission Passholder, Guest Passes or any other guests with valid ticket media. Next, "Select Date & Park." Select the date on the reservation calendar that matches a blue date on blockoutdates.disney.com. Then select a park (Please note, visiting more than one theme park per day is temporarily unavailable at the *Walt Disney World*® Resort due to attendance limitations).
- During your scheduled arrival window, head to the park's Main Entrance. Use your Main Entrance Pass or Self-Admission Pass for park entry that was used to make the Disney Park Pass reservation. This will redeem your park reservation.
- Park reservations may be available approximately 90 days in advance. No more than three (3) reservations may be held at one time. A subsequent reservation may be made after your first reservation date has passed or if you cancel an existing reservation.

4 USE A MAGICBAND AS YOUR MAIN ENTRANCE PASS

- A personal *MagicBand* can be used interchangeably with your Main Entrance Pass for theme park reservation redemption, once your Pass is linked to your *My Disney Experience* profile.

- This is also possible with your Spouse/Domestic Partner Pass.

- (Guest Passes cannot be linked to a MagicBand.)

- If you make a resort hotel reservation and link it to *My Disney Experience*

- at least 10 days prior to arrival, you will be invited to customize *MagicBands* for each member of your party, which will be sent to you prior to your departure. (When linking or booking a reservation less than 10 days prior to arrival, *MagicBands* will be given to you at check-in at your resort hotel.) *MagicBands* may also be purchased at select merchandise locations.

- When staying at a resort hotel, additional *MagicBand* features can be enabled. You will be able to touch to enter your room, and if desired, touch to pay for purchases.
- You will need to present your Company-issued ID to receive resort discounts and complimentary theme park parking. Eligible spouse/domestic partners must present their Spouse/Domestic Partner Pass and a valid government-issued photo ID.

New theme park reservation systems are being introduced to help manage our attendance, and given the significant capacity challenges we will face, Employee/Retiree complimentary admission privileges* are being updated to align with these new requirements. As we look at our quickest path to business recovery, we will be prioritizing theme park reservations for our Guests, which means it may be difficult to use complimentary admission while we manage Guest demand with our reduced capacities. Though complimentary admission opportunities will be extremely limited, the following information is what you need to know to plan a visit DisneyCastExperience.com.
